HOW TO OBTAIN ABS STATISTICS

Inquiry service

The Australian Bureau of Statistics (ABS) has an information and inquiry service in each of its offices to—

- meet requests for statistics and other information
- advise on official statistics, and
- provide copies of statistical publications

These services may be obtained by calling at the ABS offices in the capital cities (the addresses are listed on pages x and xi of this catalogue), by writing, or by phoning one of the numbers shown below.

Counter service

Each ABS office has an inquiry area where users of statistics may talk with trained staff about their statistical needs or obtain assistance in using statistics more effectively.

Free or for sale publications

ABS publications are either free (mostly) or priced. Free publications may be obtained from all ABS offices while priced publications may be purchased from Australian Government bookshops (the addresses of the bookshops are listed on page xi), or from ABS State offices.

Mailing lists

Users of statistics may request to have their names and addresses placed on an ABS mailing list, thereby ensuring regular receipt of copies of free publications. The Australian Government Publishing Service maintains mailing lists for ABS priced publications.

Telephone inquiries

The telephone inquiry service operates on these numbers:

Canberra	(062) 52 6627
Sydney	(02) 268 4611
Melbourne	(03) 652 6177
Brisbane	(07) 33 5011 (Ext. 5555)
Adelaide	(08) 228 9439
Perth	(09) 323 5140
Hobart	(002) 20 4495
Darwin	(089) 80 2717

Published statistics

The ABS issues almost 1800 monthly, quarterly, half-yearly, annual or irregular statistical publications each year, under approximately 600 different titles.

Statistics available in other forms

Data are also provided on microfiche, on magnetic tape and in the form of computer printout. ABS information and inquiry services (telephone numbers are listed above) can advise whether information needed is available in these forms and how it can be obtained. At present a number of ABS publications are available on microfiche and the ABS expects to offer an increasing range of statistics on microfiche as this medium is developed.

INTRODUCTION

The Australian Bureau of Statistics is the official statistical organisation for the Commonwealth and State Governments. Its main function is to collect statistical information from a wide variety of social and economic areas, to compile statistics and disseminate them to interested users within the Government, the private sector and the community in general.

How to use this catalogue

This ABS catalogue contains publications released by ABS State offices and the Central Office in Canberra. The catalogue is divided into three parts—A, B and C.

Part A lists all publications in numerical order except that *within each subject group* the Central Office entries precede the State Office entries (*see* description of numbering system below). Most publications issued by Central Office contain particulars for each State and Territory as components of Australian totals.

Part B contains a title index showing all current publications issued by the ABS.

Part C contains a detailed subject index of all publications in alphabetical order. If you are interested in a particular subject area, e.g. overseas trade, employment, etc. you will find it convenient to identify the range of publications from the list of subject groupings on pages iii-v and therefore to all publications within that subject. If you have a specific interest, e.g. the production of butter and cheese, industrial disputes, etc., check the detailed subject index beginning on page 161.

The ABS catalogue numbering system

The system consists of a five digit code (e.g. 5413.0).

The *first two digits* define the subject by nine broad areas (e.g. 5 represents national accounts, balance of payments and foreign investment, overseas trade, public finance, private finance) divided into nine more precise subdivisions (e.g. 54 is overseas trade).

The *third and fourth digits* are the permanent serial numbers allocated to publications within categories formed by the first two digits. An allotted number will remain unchanged provided the contents of a publication remain essentially the same.

Numbers are allotted sequentially as new publications are released.

The *fifth digit*, after the full stop, relates to the ABS office which issues the publication.

The codes for each issuing office are:

- 0 Central Office (Canberra)
- 1 New South Wales
- 2 Victoria
- 3 Queensland
- 4 South Australia
- 5 Western Australia
- 6 Tasmania
- 7 Northern Territory

Within each subject group, all Central Office entries precede the State office entries.

How to order publications

Currently the ABS publishes a total of about 600 individual statistical titles each year. At present approximately \$10 of these are free and about 90 are for sale. As new publications are released frequently, users can keep up-to-date on new as well as current releases by obtaining a monthly statement of publications which is called *Publications Issued in (name of the month)* (Catalogue No. 1102.0), available free by phoning Canberra (062) 52 6627 or the nearest State Office or by writing to Information Services, Australian Bureau of Statistics, P.O. Box 10, Belconnen, A.C.T. 2616. New and current releases are also listed in a *Publications Advice* (Catalogue No. 1105.0) issued twice weekly by the ABS. Each *Publications Advice* is available free on request and gives the titles of all ABS publications issued on that day and those expected to be released during the following five days.

FREE PUBLICATIONS

Users can obtain copies of free publications by calling at, phoning, or writing to the ABS office in their capital city or the ABS Central Office, Canberra.

When requesting a publication, please quote the title and catalogue number.

ORDER FORM B (Central Office publications) and **ORDER FORM C** (State Office publications) shown at the back of this catalogue should be used to indicate your requirements of 'no charge' publications. The address of the relevant ABS office is shown on the reverse side of the order form. Users who wish to receive issues of publications on a regular basis will have their names and addresses placed on the appropriate ABS mailing lists. Users of Central Office publications who are *already receiving* regular issues of ABS publications and wish to add other publications to their mailing lists, should quote the ABS reference number when forwarding their order form. The reference number is shown on the address label of each publication despatched from ABS Canberra.

PRICED PUBLICATIONS

Copies of priced publications, with the exception of the 1976 Census publications (*see* page 13 for details of how to obtain), may be purchased from Australian Government Publishing Service (AGPS) bookshops in each capital city and Canberra, and from ABS State offices. The addresses of AGPS bookshops and State ABS offices are given on pages x and xi. Copies may also be ordered by post from:

Mail Order Sales
Australian Government Publishing Service
P.O. Box 84
Canberra, A.C.T. 2600

ORDER FORM A at the back of this catalogue, should be used for this purpose.

When mail orders are sent the title and catalogue number of the publication required should be quoted. Unless a credit account has been established, or Bankcard is to be used, the total cash (i.e. price of publications plus postage) must be sent with mail orders, with remittances made payable to the Collector of Public Moneys.

Alongside the title of 'priced' publications in this catalogue are two prices—the first is for the publication without postage and the second is for the publication and postage at ordinary rates in Australia. Airmail and overseas rates will be advised on request.

PART C—SUBJECT INDEX

This index is designed to assist users in determining which Central and State Office publications are relevant to various subjects. *The index is not intended as a comprehensive index of commodities or items covered in the statistics. For example, particular items of production and overseas trade are largely omitted.*

The publication *Manufacturing Commodities, Principal Articles Produced* (8303.0) contains a detailed alphabetical index of commodities produced in Australia.

Detailed export and import statistics are shown in the following publications: *Australian Exports, Country by Commodity* (5411.0), *Australian Imports, Country by Commodity* (5414.0) and *Overseas Trade, Part 1: Exports and Imports* (5409.0).

No references are given in this index for the Year Books (1301.0-1301.6) or Pocket Year Books (1302.0-1302.6) as each of these publications contains a detailed index. The Year Books should be regarded as the principal general statistical reference works produced by the ABS.

New publications or changes in publications released after 30 April 1981 are not included in this index. Titles of publications issued during the subsequent months are published in 1102.0 and in the supplement issued with this Catalogue.
